

ATTI DI CONVEGNI INTERNAZIONALI

PROCEEDINGS OF INTERNATIONAL CONFERENCES

2000

- Corelli Grappadelli L. 2000. The palmette training system. *Acta Hort.* 513:329-336.
- Costa G., Noferini M., Andreotti C., Mazzotti F. 2000. Non-destructive determination of soluble solids and flesh firmness in nectarines by near infrared spectroscopy. *Nearinfrared spectroscopy: proceedings of the 9 international conference (Verona, 1999)*, A.M.C. Davies and R. Giangiacomo ed., 863-866.
- Filippetti I., Silvestroni O., Thomas M. R., Intrieri C. 2000. Diversity assessment of seedlings from selfpollinated Sangiovese grapevine by ampelography and microsatellite DNA analysis. *Acta Hort.* 528: 147-154.
- Intrieri C., Poni S. 2000. Physiological responses of wine grapes to management practices for successful mechanisation of quality vineyards. *Acta Hort.* 526: 33-47.
- Lambardi M., Capuana M., De Carlo A., Tonon G. 2000. Cryopreservation of forest species by vitrification of organs and tissues from in vitro cultures. *Proc. Int. Congr. "Biofor 99 - Application of biotechnology to forest genetics"*. S. Espinel, E. Ritter ed., 313-320.
- Minelli A., Chiusoli A. 2000. New shapes and new species in street tree population. *Int. Symp. on plant health in urban horticulture*, G.F. Backhaus, H. Balder, E. Idezak ed., 30-34.
- Minelli A., Chiusoli A. 2000. The aggression factor: a new concept to value the real aggression on wood structure by wood decay fungi. *Int. Symp. on plant health in urban horticulture*, G.F. Backhaus, H. Balder, E. Idezak ed., 87-91.
- Rebucci B., Poni S., Intrieri C., Magnanini E., Lakso A.N. 2000. Effects of manipulated berry transpiration on post-veraison sugar accumulation; *Acta Hort.* 513: 467-476.
- Rombolà A.D., Toselli M., Scudellari D., Tagliavini M., Marangoni B. 2000. A nutrição da fruta de caroço na fruticultura eco-compatível. *Atti I° Simpósio Internacional de frutas de caroço, Porto Alegre (Brasile)*.
- Sansavini S., Tartarini S., Gennari F. 2000. Scab-tolerance segregation from two Italian apple germoplasm cultivars to increase durability of resistance. *Acta Hort.* 538. vol.1: 243-247.
- Tagliavini M., Zavalloni C., Rombolà A.D., Quartieri M., Malaguti D., Mazzanti F., Millard P., Marangoni B. 2000. Mineral nutrition partitioning to fruits of deciduous trees. *Acta Hort.* 512: 131-140.
- Tartarini S., Sansavini S., Vinatzer B.A., Gennari F., Domizi C. 2000. Efficiency of marker assisted selection (MAS) for the Vf scab resistance gene. *Acta Hort.* 538 vol. 2: 549-552.
- Vinatzer B.A., Sansavini S., Zhang H. B. 2000. Blueprint for the construction of a functional integrative map of the apple genome. *Acta Hort.* 538 vol.2: 571-574.

2001

- Corelli Grappadelli L. 2001. Peach training systems. *Proc. 60th National Peach Council Convention (Hershey (Pennsylvania) R.J. Crassweller ed., 15-23.*
- Corelli Grappadelli L. 2001. Peach handling and marketing in Italy. *Proc. 60th National Peach Council Convention (Hershey (Pennsylvania) R.J. Crassweller ed., 39-45.*
- Corelli Grappadelli L., Musacchi S., Magnanini E. 2001. Single leaf and whole canopy gas exchanges of pear as affected by graft incompatibility. *Acta Hort.* 557: 377-383.
- Costa G., Corelli Grappadelli L., Bucchi F. 2001. Studies on apple fruit abscission and growth as affected by cytokinins. *Acta Hort.* 557: 243-251
- Filippetti I., Intrieri C., Lia G., Borsa D. 2001. Effetti dell'altezza delle pareti vegetative su alcuni parametri fisiologici e sulla maturazione e qualità dell'uva di viti Sangiovese allevate a cordone speronato. *Simpósio internazionale "Il Sangiovese"*. ARSIA ed., 205-211.
- Filippetti I., Silvestroni O., Thomas M. R., Intrieri C. 2001. Genetic characterization of Italian wine grape cultivars by microsatellites DNA analysis. *Int Symp. on molecular markers for characterizing genotypes and identifying cultivars in horticulture*. *Acta Hort.* 546: 395-399.
- Giuliani R., Magnanini E., Flore J. 2001. Potential use of infrared thermometry for the detection of water deficit in apple and peach orchards. *Acta Hort.* 557: 399-405.
- Lombardini L., Toselli M., Flore J. 2001. Carbon translocation and root respiration in potted apple trees during conditions of moderate drought. *Acta Hort.* 512: 413-419.

- Marangoni B., Toselli M., Venturi A., Fontana M., Scudellari D. 2001. Effects of vineyard soil management and fertilization on grape disease and wine quality. 5th Int. Conf. on Integrated Fruit Production (Lleida, Spagna), J. Avilla, F. Polesny ed., 353-358.
- Minotta G., Cantoni L., Tonon G., Bagnaresi U. 2001. Effects of grass and legume species on early growth of sycamore and wild cherry in silvopastoral systems of the northern Apennines (Italy). Int. Conf. Forest Research: A challenge for an integrated European approach (Thessaloniki - Greece). Kalliopi Rodoglou ed., 661-666.
- Stich K., Halbwirth H., Treutter D., Forkmann G., Costa G., Bazzi C., Rademacher W., Schlangen K., Peterek S., Roemmelt S., Fisher T. C., Andreotti C., Sabatini E., Spinelli F., Bregoli A.M., Stefani E., Sponza G., Messina G., Tortoreto L., Bini F., Brunelli A., Speakman J.B. 2001. Induction of pathogen resistance in fruit trees by transiently altering the flavonoid metabolism with specific enzyme inhibitors; Symp. Phytomedizin und Pflanzenschutz im Gartenbau, 17-18.
- Toselli M., Zavalloni C., Marangoni B., Breikreutz S.L., Flore J.. 2001. Nitrogen accumulation and leaf gas exchange in apple trees grafted on M.26 EMLA, M.9 EMLA and Mark rootstocks under low soil temperature and drought stress. Acta Hort. 564: 193-200.
- Ueno H., Ueno D., Rombolà A.D., Ma J.F., 2001. Mechanisms of re-greening effect by graminaceous species. Atti Convegno Soc. Giapponese di Fisiologia vegetale e Chimica del Suolo.
- Zavalloni C., Marangoni B., Scudellari D., Tagliavini M. 2001. Dynamics of uptake of calcium, potassium and magnesium into apple fruit in a high density planting. Acta Hort. 564: 113-121.

2002

- Costa G., Andreotti C., Sabatini E., Bregoli A.M., Bucchi F., Spada G., Mazzini F. 2002. The effect of prohexadione-Ca on vegetative and cropping performance and fire blight control of pear trees. Acta Hort. 596: 531-534.
- Costa G., Andreotti C., Noferini M. 2002. Non-destructive determination of internal quality in intact pears by near infrared spectroscopy. Acta Hort. 596: 821-825.
- Costa G., Montefiori M., Noferini M., Vitali F., Ceredi G. 2002. Using bioregulators to influence morphogenesis in kiwifruit cv "Hayward" (*Actinidia deliciosa*); Acta Hort. 594: 327-333.
- Costa G., Noferini M., Fiori G., Miserocchi O., Bregoli A.M. 2002. NIRS evaluation of peach and nectarine fruit quality in pre- and post-harvest conditions. Acta Hort. 592: 593-599.
- Dondini L., Tartarini S., Nocelli E., Sansavini S. 2002. Cloning and characterisation of resistance gene analogs (RGA) in European pear (*Pyrus communis* L.). Acta Hort. 596: 207-210.
- Dondini L., Tartarini S., Sansavini S., Malaguti S., Bazzi C. 2002. Reactivity of European Pear (*Pyrus communis*) progenies to fire blight (*Erwinia amylovora*). Acta Hort. 596: 211-214.
- Fideghelli C., Sansavini S. 2002. The fruit industry and the role of research in the Mediterranean basin. Acta Hort. 582: 69-76.
- Giorgioni M.E., Campoy Arnaldos M.J., Antonio Fernandez Hernandez J. 2002. Efecto de la aplicacion de diversos retardadores del crecimiento en dos cultivares de petunia. I Jornadas Ibericas de Plantas Ornamentales, Consejeria de Agricultura y Pesca ed., 261-273.
- Malaguti D., Rombolà A.D., Gerin M., Simoni G., Tagliavini M., Marangoni B., 2002. Effect of seaweed extract-based leaf sprays on the growth, yield and fruit quality of apple trees. Acta Hort. 594: 357-359.
- Marangoni B., Baldi E., Rombolà A.D., 2002. Agronomia sostenible de los cultivos lenosos. Atti XXXIV Jornadas de AIDA: produccion sostenible en el medio agrario. Volumen Extra, 23: 32-51.
- Musacchi S., Masia A., Fachinello J.C. 2002. Variation of enzymatic activity in relationship to scion/stock compatibility in pear/quince combination; Acta Hort. 596: 389-392.
- Musacchi S., Quartieri M., Ciambellini M., Masia A., Corelli Grappadelli L., Tagliavini M. 2002. Behaviour of pear trees (cv. Abbé Fétel) grafted on pear and quince rootstocks at increasing levels of salinity in the irrigation water. Acta Hort. 596: 683-686.
- Musacchi S., Ancarani A., Grandi M., Sansavini S. 2002. Comparative field performance of cvs. Sensation Red Bartlett and Cascade grafted to six quince and pear clonal seedling rootstocks. Acta Hort. 596: 385-388.
- Pirovano L., Sacchi G.A., Abruzzese A., Musacchi S., Berardi G., Sansavini S., Cocucci M. 2002. Study of genes expression in (in)compatible pear/pear and pear/quince grafts by mRNA differential display. Acta Hort. 596: 393-396.
- Previati A., Da Re F., Bassi D., Tagliavini M., Marangoni B. 2002. Development of protocols for in vitro rooting of advanced selections of *Pyrus communis* rootstocks. Acta Hort. 596: 485-486.
- Quartieri M., Lucchi A., Cavani L., Marangoni B., Tagliavini M. 2002. Effects of the rate of protein hydrolysis and spray concentration on growth of potted kiwifruit (*Actinidia deliciosa*) plants. Acta Hort. 594: 341-347.

- Rombolà A.D., Dallari S., Quartieri M., Ammari T., Scudellari D., Tagliavini M. 2002. Effect of foliar-applied Fe sources, organic acids and sorbitol on the re-greening of kiwifruit leaves affected by lime-induced iron chlorosis. *Acta Hort.* 594: 349-355.
- Rommelt S., Peterek S., Treutter D., Rademacher W., Speakman J.B., Andreotti C., Costa G., Sponza G., Tortoreto L., Bazzi C., Halbwirth H., Zimmermann N., Stich K., Forkmann G. 2002. Alteration of phenylpropanoid biosynthesis of fruit trees as a tool for enhancement of fire blight resistance. *Acta Hort.* 590: 477-484.
- Sansavini S., Musacchi S., Ferrazzano L., Ancarani V. 2002. Hybridisation of European and nashi pears: selecting for novel taste traits. *Acta Hort.* 596: 255-259.
- Sansavini S., Musacchi S. 2002. Orchard pear design and hdp management: a review. *Acta Hort.* 596: 589-601.
- Sansavini S. 2002. Pear fruiting-branch models related to yield control and pruning. *Acta Hort.* 596: 627-633.
- Sansavini S., Tartarini S., Gennari F., Barbieri M. 2002. Scab (*Venturia Inaequalis*) resistance in apple: the Vf gene and polygenic resistance in the breeding strategy at DCA-Bologna. *Acta Hort.* 595: 29-32.
- Stich K., Halbwirth H., Kampan W., Treutter D., Rommelt S., Peterek S., Forkmann G., Fisher T. C., Martens G., Meisel B., Costa G., Andreotti C., Sabatini E., Bazzi C., Rademacher W. 2002. Induction of pathogen resistance in pear by transiently altering the flavonoid metabolism with specific enzyme inhibitors. *Acta Hort.* 596: 513-521.
- Tartarini S., S Sansavini, B.A. Vinatzer, M. Barbieri, A. Patocchi, C. Gessler, L. Gianfranceschi; 2002. Advances in marker-assisted selection for scab resistance in apple and cloning of the Vf gene. *Acta Hort.* 595: 99-102.
- Toselli M., Scudellari D., Mazzanti F., Marangoni B., Tagliavini M. 2002. Determination of leaf standards for mineral diagnosis in pear orchards of the Po valley, Italy. *Acta Hort.* 596: 665-669.
- Toselli M., Malaguti D., Marangoni B., Cabrini L., Bazzi C., Sponza G., Scudellari D. 2002. Reduction of fire blight infection by manipulation of pear tree water status. *Acta Hort.* 590: 193-199.
- Toselli M., Tagliavini M., Thalheimer M., Paoli N., Le Bris K., Scudellari D., Gioacchini P. 2002. Leaf uptake and tree partitioning of urea-N as affected by concentration of sprayed solution and leaf age of apple trees. *Acta Hort.* 594: 591-594.
- Ueno D., Rombolà A.D., Ma J.F., 2002. Different secretion patterns of phytosiderophores in three graminaceous species. *Atti Convegno della Società Giapponese di Fisiologia vegetale e Chimica del Suolo.*
- Vizzotto G., Casatta E., Bomben A., Bregoli A.M., Sabatini E., Costa G.. 2002. Peach ripening as affected by AVG. *Acta Hort.* 592: 561-566.
- Zuccherelli S., Broothaerts W., Tassinari P., Tartarini S., Dondini L., Sansavini S. 2002. S-Allele characterisation in self-incompatible pear (*Pyrus communis* L.): biochemical, molecular and field analyses. *Acta Hort.* 596: 147-152.

2003

- Bazzocchi R., Giorgioni M.E.. 2003. Effects of Prohexadione-Ca, Uniconazole and Paclobutrazol on Ornamental Kale growth and Performance under high Temperature. *Acta Hort.* 614: 499-505.
- Costa G., Corelli Grappadelli L., Noferini M., Fiori G. 2003. Use of light reflective mulch to affect yield and fruit quality. *Acta Hort.* 610: 139-144.
- Costa G., Bregoli A.M., Noferini M., Ziosi V., Biondi S., Torigiani P. 2003 A pluriennial experience in controlling peach fruit ripening using different natural substances. *Proceedings 30th PGRSA Annual Meeting: 2-15.*
- Grigatti M., Giorgioni M.E., Ciavatta C., Gessa C.E. 2003. Evaluation of metal leaching in compost based substrate for Philodendron pot growing. *Proceedings of the 7th Int. Conf. on the Biogeochemistry of Trace Elements, G.R. Gobran and N. Lepp ed., 54-55.*
- Minelli A., Chiusoli A. 2003. Quale filosofia per il restauro dd paesaggio? *Atti Convegno: Landschaftskultur: Gestern, Heute und Zukunft (La cultura del paesaggio: le sue origini, la situazione attuale e le prospettive future).*
- Minelli A., Galli A., Malinverni E.S. 2003. Hyperspectral remote sensing for urban areas monitoring: techniques and methods (Tree root decay assessment by hype spectral remotely sensed data). *Atti 2nd Int. Symp. on Plant Health in Urban Horticulture, 111-117.*
- Sansavini S. 2003. Water and irrigation on the Mediterranean Southern rim: a vital fador for this people and horticulture. *Acta Hort.* 582: 53-65.
- Sansavini S., Barbieri M., Belfanti E., Tartarini S., Vinatzer B.A., Gessler C., Silfverberg E., Gianfranceschi L., Hermann D., Patocchi A. 2003. Gala apple trasformed for scab resistance with cbned Vf gene region construt. *Acta Hort* 622: 113-118.

- Tartarini S., Sansavini S. 2003. The use of molecular markers in pome fruit breeding. *Acta Hort.* 622: 129-140.
- Vizzotto G., Costa G., Noferini M., Corelli Grappadelli L. 2004. Whole-plant gas exchanges and carbohydrate metabolism in kiwifruit. *Acta Hort.* 610: 467-472.

2004

- Corelli Grappadelli L., Lakso A.N. 2004. Fruit development in tree fruits as affected by physiological factors and environmental conditions. *Acta Hort.* 636:425-441.
- Corelli Grappadelli L. 2004. Principles of apple tree physiology – tools for tree management. Robert F. Carlson Distinguished Lecture., *Compact Tree*: (2):34-39.
- Costa G., Sabatini E., Spinelli F., Andreotti C., Bomben C., Vizzotto G. 2004. Two years of application of prohexadione-Ca on apple: effect on vegetative and cropping performance, fruit quality, return bloom and residual effect. *Acta Hort.* 653: 35-40.
- Costa G., Sabatini E., Spinelli F., Andreotti C., Spada G., Mazzini F. 2004. Prohexadione-Ca controlled vegetative growth and cropping performance in pear. *Acta Hort.* 653: 127-132.
- Costa G., Bucchi F., Montefiori M., Bregoli A.M., Corelli Grappadelli L. 2004. Thinning activity and fruit quality of gala and Fuji apple varieties as affected by cytokinins. *Acta Hort.* 653: 107-113.
- Costa G., Spinelli F., Sabatini E., Rademacher W. 2004. Incidence of scab (*Venturia inaequalis*) in apple as affected by different plant retardants. *Acta Hort.* 653: 133-137.
- Costa G., Noferini M., Bucchi F., Corelli-Grappadelli L. 2004. Methods for early forecasting apple size at harvest. Proceedings of the XXVI International Horticultural Congress: key processes in the growth and cropping of deciduous fruit and nut trees. *Acta Hort.* 636: 651-659.
- Grassi G., Nardino M., Magnani F. 2004. Can we model the response of canopy GPP to drought and leaf development? The relevance of changes in photosynthetic capacity. In: Proc. IUFRO Conference 'Modelling Forest Production', Vienna.
- Intrieri C., L'innovazione viticola nella meccanizzazione della vendemmia e della potatura: approcci integrati tra sistemi di allevamento e macchine. *Atti 1er Symp. Tuniso-italien sur la Viticulture*, Kelibia, Tunisie.
